

Annex 1 - Ready Reckoner

The amount of your payment is the number of weeks shown, multiplied by the weekly limit (at the time of printing, £280) or your actual pay if this is less than the limit.

Read off your age and number of years of service. The table will show you how many weeks pay you are entitled to.

No-one below the age of 20 can qualify for a redundancy payment.

If you are aged between 64 and 65, we have to reduce the amount due by one-twelfth for every complete month you worked after you were 64.
